AMAZE

HAMESHA READY TO PERFORM

Amaze is one of the best, youngest and fastest growing inverter and battery brand in India. The company offers an extensive range of inverters, batteries and solar products that are designed to withstand long and frequent power cuts. The company aims to provide high-performance and high-quality power back-up products to it's customers through a wide network of distributors present across India.

Inverter

Amaze inverters are high quality power inverters designed to provide reliable and efficient power backup for homes and businesses.

Battery

Amaze batteries are known for their High Energy Density and low cost.

E-Rickshaw Battery

Mobility Solutions offers both Lead Acid and Lithium-ion E-Rickshaw batteries—catering to varied needs with reliable performance, fast charging, and long-lasting power.

Trolley

Amaze inverter battery trolley are beautifully designed and made with durable and sturdy material.

Experience hassle-free days with AMAZE Power Solutions. Our innovative and technologically advanced products are crafted with excellence and user convenience in mind. From Inverters to Inverter batteries, our wide range of offerings caters to all your needs. AMAZE inverters deliver high-quality, reliable, and efficient power backup for both homes and businesses. Our batteries are renowned for their high energy density and cost-effectiveness, ensuring uninterrupted power whenever you need it. Upgrade to AMAZE Power Solutions for a seamless experience.

Amaze has high quality power inverters designed to provide reliable and efficient power backup for homes and businesses. With Amaze inverters, you can be assured of an uninterrupted power supply during power outages. Built with some fantastic features like overload and short circuit protection, Amaze inverters ensure that your appliances and devices are safe from damage. Choose Amaze for a hassle free and reliable backup solution, that exceed your expectations.

AQ Series

Power Packed Performer

AQ Series is a reliable and rugged inverter series with advanced microprocessor based design, fast battery charging, user friendly LED indications, battery selection switch for longer battery life and much more.

- Modified Square Wave
- Faster Battery Charging
- Reliable Long-Lasting Performance
- Battery Charging Starts from 100V

AQ700+	AQ900+	AQ1075+	AQ1275 PRO	AQ1675+	AQ2375+

AQ Super Charge

The Fast Charging Inverter Series

AQ Super Charge is India's most trusted inverter series for rural and semiurban areas with inbuilt heavy duty charger that charges the battery with full charging current even at low voltage conditions.

- Modified Square Wave
- Faster Battery Charging
- Express battery Charging Starts from 90V
- Reliable long lasting performance

AN Series

Extra Power Extra Performance

AN series is a Pure Sine Wave inverter series with advanced microprocessor based design and lowvoltage fast battery charging technology. It's low harmonic distortion makes it practically noiseless and Pure Sine wave technology ensures protection of the connected appliances.

3 Phase Inverters

Amaze offers a range of 3 phase high-capacity inverters that can power heavy-duty and sensitive appliances in commercial spaces. Enjoy superior power in various commercial establishments like Hospitals, Petrol Pump, Large Offices, ATM, Banks and many more.

AMAZE

AN 3 Phase Series

Power that Drives your Business

AN HKVA Series, 3-Phase Inverters are engineered with cutting-edge technology, that adopts high-performance digital control (DSP) for superior efficiency and precision. These inverters offer robust protection features, advanced network management capabilities, and an intuitive user interface. Designed for exceptional reliability, safety, and ease of maintenance, the AN HKVA Series represents the next generation of power solutions.

Eleverter

Emergency Lift Operation by Alternative Power Source

During power transition from mains to backup system, there is often a jerk in lifts which can be inconvenient. Amaze Eleverter helps in overcoming this issue, ensuring a smooth experience.

Eleverter provides a smooth transition with absolutely no jerk during the power transition and a seamless experience for people inside the lift. Now, the lifts are safer during the power failure with Amaze Lift Inverter range.
